## Important note regarding coverage for a newborn infant or newly adopted child:

- A newborn child - Your newborn child is covered on your health plan for the first 31 days from the moment of birth.
  - To keep your newborn covered, you must notify us (or our agent) of the birth and pay any required premium contribution during that 31 day period.
  - You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional premium contribution for the newborn.
  - If you miss this deadline, your newborn will not have health benefits after the first 31 days.
  - If your coverage ends during this 31day period, then your newborn’s coverage will end on the same date as your coverage. This applies even if the 31 day period has not ended.
- An adopted child or a child legally placed with you for adoption - A child that you, or that you and your spouse adopts or is placed with you for adoption, is covered on your plan for the first 31 days after the adoption or the placement is complete.

- To keep your child covered, we must receive your completed enrollment information within 31 days after the adoption or placement for adoption.
- You must still enroll the child within 31 days of the adoption or placement for adoption even when coverage does not require payment of an additional premium contribution for the child.
- If you miss this deadline, your adopted child or child placed with you for adoption will not have health benefits after the first 31 days.
- If your coverage ends during this 31 day period, then coverage for your adopted child or child placed with you for adoption will end on the same date as your coverage. This applies even if the 31 day period has not ended.

### Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

### Termination and Refunds

**Withdrawal from Classes – Leave of Absence:** If you withdraw from classes under a school-approved leave of absence, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded.

**Withdrawal from Classes – Other than Leave of Absence:** If you withdraw from classes other than under a school-approved leave of absence within 31 days\* after the policy effective date, you will be considered ineligible for coverage, your coverage will be terminated retroactively and any premiums collected will be refunded.

If the withdrawal is more than 31 days after the policy effective date, your coverage will remain in force through the end of the period for which payment has been received and no premiums will be refunded.

If you withdraw from classes to enter the armed forces of any country, coverage will terminate as of the effective date of such entry and a pro rata refund of premiums will be made if you submit a written request within 90 days of withdrawal from classes.

### In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Access our provider directory to find in-network providers for your plan at <https://www.aetnastudenthealth.com>.

## Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification. Your in-network physician is responsible for obtaining any necessary precertification before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify when required, there is a \$500 penalty for each type of eligible health service that was not precertified. For a current listing of the health services or prescription drugs that require precertification, contact Member Services or go to [www.aetna.com](http://www.aetna.com).

## Precertification Call

Precertification should be secured within the timeframes specified below. To obtain precertification, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring precertification:	You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

## Coordination of Benefits (COB)

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB). A complete description of the Coordination of Benefits provision is contained in the certificate issued to you.

## Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. While this Plan Summary document will tell you about some of the important features of the Plan, other features that may be important to you are defined in the Certificate. To look at the full Plan description, which is contained in the Certificate issued to you, go to <https://www.aetnastudenthealth.com>.

This Plan will pay benefits in accordance with any applicable **Pennsylvania** Insurance Law(s).
