

Medical Evacuation and Repatriation Services

OFFERED IN COORDINATION WITH
YOUR BLUE CROSS PLAN

Your institution provides you access to Medical Evacuation and Repatriation Companion services from GeoBlue®.

Program Name: Bucknell University

GeoBlue's 24/7/365 Global Service Center is here to support members experiencing medical emergencies. GeoBlue coordinates emergency services with our strategic resources located around the world. Members in need of life-saving medical intervention are treated at the nearest appropriate medical facility.

What should I do in the event of a medical emergency?

 **Go immediately to the nearest physician or hospital and then contact us.**

- Toll free: **855-445-1301**
- GeoBlue's medical assistance team will contact your treating physician and closely monitor your case to determine if a medical evacuation is necessary

When you call GeoBlue, please be prepared to provide the following information:

- The insured person's name
- The ID number located on the front of your Blue Cross Medical ID card
- The program name as listed above and school name
- Detailed information regarding the nature of the emergency
- If applicable, the name and contact details for the treating physician and/or hospital
- The insured person's specific location in the country. Utilize a GPS if available
